THE FOUNDING OF THE PHI BETA KAPPA SOCIETY

In the year of our Lord 1632, "The Middle Plantations" of Virginia were established. There, in 1693, was founded the second college in the New World, the William and Mary College. In 1699 the name of the town was changed to Williamsburg and in 1722 it was granted a city charter, the first in Virginia. From 1699 to 1779 it was the capital of the commonwealth and was the political and social center of Virginian life and influence. In this historic town, on December 5, 1776, and probably in the very Apollo Room of the Raleigh Tavern where Patrick Henry made his famous speech, was founded the Phi Beta Kappa Society. The first set of by-laws limited the membership to collegians of over sixteen years of age, but almost immediately the scope of the society was widened to take in men prominent for scholarship or great public service. It was inaugurated as a secret society and there were adopted a Greek motto, a badge of membership, grip, seal, and colors, and this action as well as the designation of the society by the initial letters of its motto has been followed by all Greek letter college fraternities established since. In 1779 charters were granted and chapters established at Harvard and at Yale, and in 1787 these united in establishing the third New England Chapter at Dartmouth.

The influence of the New England spirit made itself felt very early in an agitation for the abolition of the secret features of the society and under the leadership of John Quincy Adams and Judge Story, the Harvard Chapter abandoned those features and now about one-

half of the United Chapters are open societies and the others are secret only nominally.

In 1881 there were twenty three chapters and the need was felt for a more perfect general organization and at the call of the Harvard Chapter a delegate convention was held and the matter discussed. As a result of this convention and a subsequent one held at New York, a final convention at Saratoga Springs, September 6 and 7, organized "The United Chapters of Phi Beta Kappa," and adopted a Constitution and By-Laws. The central organization provided by the Constitution consists of a Senate of twenty members constituting a permanent body and a National Council meeting every third year and composed of the Senate and three delegates from each chapter. The growth of chapters has been rapid and there are now seventy-one on the rolls.

From the earliest time the society has stood for fraternity and scholarship. Born under the standard of the Cavalier at the Royal College of William and Mary and adopted almost at once by the Puritan at Harvard and at Yale, the best influences of the colonial world united in its interests. In the differentiation that followed the establishment of other Greek letter fraternities, the Phi Beta Kappa came more and more to emphasize the highest standards of scholarship until to-day the privilege of wearing the badge of the society is regarded as the highest scholastic honor in the American college world.

The influence of the Phi Beta Kappa has been great. Many of America's most honored sons have their names on the rolls of membership. From John Marshall, who was a member of the Alpha of Virginia, to Theodore Roosevelt of the Alpha of Massachusetts

and William H. Taft of the Alpha of Connecticut, the society can claim a long line of those who have been and are foremost in scholarship and public service.

THE MOTTO AND THE BADGE

The motto of the society is "*Φιλοσοφία Βίου Κυβερνήτης*", usually translated, "Philosophy, the guide of life", and the official designation was "Societas Philosophiae" or "Societas Philosophica." The badge is a gold key bearing on its face a hand pointing to a group of stars, and the initials *Φ Β Κ*. On the reverse side are engraved the date of the founding of the society, the name of the member, the name of the college, and the class or date of election of the member. The colors are pink and blue.

THE FOUNDING OF THE BETA CHAPTER OF INDIANA

In the spring of 1898 the members of the Faculty of Wabash College who were members of Phi Beta Kappa addressed a petition in due form to the Senate of the United Chapters of the Phi Beta Kappa Society asking for the establishment at Wabash of a Chapter of the Society. On the recommendation of the Senate, the National Council at its next regular meeting held at Saratoga Springs, September 7, 1898, granted the petition and issued the following charter:

CHARTER OF PHI BETA KAPPA, UNITED CHAPTERS

To Joseph Farrand Tuttle, Robert Augustus King, Charles Augustus Tuttle, Donaldson Bodine, Addison Alvord Ewing, John Henry Foster, Greeting:

Whereas the National Council of the United Chapters of the Phi Beta Kappa Society has by resolution duly adopted on the 7th day of September 1898, decreed the establishment of a chapter of the Phi Beta Kappa in connection with Wabash College at Crawfordsville, Indiana, and has directed the Senate by the President and Secretary to issue a charter in the name of the National Council: Now, therefore, by virtue of the aforesaid act of the Council and the authority delegated to us, we do hereby incorporate and establish you and such others as you may hereafter elect and associate with yourselves, in conformity to the law of the Phi Beta Kappa Society, into a separate and subordinate branch of said society to be known and called the Beta Chapter of the Phi Beta Kappa in the state of Indiana, hereby granting you and your successors all the powers, privileges, and benefits thereunto appertaining, in as full and ample a measure as the brethren of the other and existing chapters enjoy; at the same time enjoining upon you in the organization and conduct of

the new chapter, and as a condition upon which this charter is granted, strict compliance with the Constitution of the United Chapters and the Model Constitution herewith transmitted to you.

In witness whereof the said Senate has caused the seal of the United Chapters of the Phi Beta Kappa to be affixed hereto, with the signatures of the President and Secretary.

JOHN A. DeREMÉR, President.

[Seal]

E. B. PARSONS, Secretary.

After the receipt of the charter a temporary organization was formed and Professors Tuttle, Bodine, and Ewing were made a committee to draft a constitution and by-laws. On December 5th the committee made its report and the constitution and by-laws were adopted. Several subsequent meetings were held to discuss matters of policy and finally on January 28th the organization of the Chapter was completed and the election of officers held. At this meeting a number of organization members were chosen from the Faculty of the College, the Trustees, and Alumni and on April 24, 1899, the first elections were made from the Senior Class.

The only important change in the policy of the Chapter was made by the adoption on May 7, 1906, of an amendment providing for the election of two members from the Junior Class as a recognition of especial merit and as a means of bringing the Chapter into closer relations with the student body. From the first everything has been done to uphold a high standard of scholarship. No exact minimum grade has been set as a limit for eligibility for membership but the chapter has often elected from a class a smaller number of men than might have been chosen according to the by-laws and few if any have been elected with an average grade of less than 90 per cent.

The Chapter holds two regular meetings a year and has held some more or less formal meetings for initiation of new members. It has invited its friends to formal addresses usually given before the Society during commencement week and up to the present the following have honored the Chapter as
